- ACE, the only community-owned natural gas supplier in the program, will again be among the competing suppliers. ACE was formed by Nebraska communities to ensure competition in the program and to serve as an advocate for customers.
- ACE returns money to its member communities. ACE has returned more than \$400,000 to communities, including \$6,886 this year to the City of Minden for community betterment.
- ACE encourages customers to actively make a selection and offers several competitive pricing options. On ACE's website: www.ACEenergy.org or by calling (800) 454-4759.

Cross Connection Survey:

- The State of Nebraska Department of Health requires a cross connection survey to be completed by **ALL** residential and commercial sites at least once every five years. The purpose of the survey is to determine if cross connections exist that would allow impure water, gas, or liquid to gain entrance to the plumbing system to contaminate or pollute a safe water supply system in the event of a system backflow. Please complete form online at www.mindennebraska.org and scroll down to "Latest News" or scan the QR Code below. If you have any questions please contact City Hall at (308) 832-1820.
