MAYOR'S GREETING

Hello and welcome to "Nebraska's Christmas City"; Minden, Nebraska!

I am proud and honored to serve as Mayor of Minden.

Minden is a great place to live and raise a family. We are a safe community of 3,100 residents; with a family oriented quality of life. Our Minden educational school system is highly regarded throughout the state of Nebraska with exceptional educators. Our Kearney County Health Services provides quality health care for our residents. Two of our Doctors are Minden graduates.

Minden features an attitude of community involvement; which was reflected in a complete restoration of the Minden Opera House, home of our Community Players. The Minden Opera House is located on the north side of our traditional Downtown Square; which during the Christmas season is lighted with over 10,000 colorful bulbs. Our Community, with volunteers throughout the area, is making improvements to our historical Harold Warp Pioneer Village, home of American history. In 2023, our residents will have a new Pickle Ball court along with a splash pad for our young population. We are also beginning Phase II of Minden West Estates expansion with a potential of 35 new family homes.

Located in the heart of farming country, Minden offers manufacturing jobs ranging from Grayson Tools manufacturing various steel components to vendors throughout the USA; to Royal Composite manufacturing parts for the Department of Defense, to Patriot Equipment manufacturing agricultural equipment.

We believe that our City government plays a key role in the quality of life in Minden through the actions of our various City Departments. We welcome the opportunity to serve you.

As Mayor, it is vital that we provide a safe and welcoming community to all. We must listen to our citizens and make every effort to provide the opportunity for our citizens to provide feedback with regard to how the City government is performing.

My wife and I invite you to visit our community first-hand and experience all that we have to offer. Our coffee pot is always on.

Sincerely;

Larry Evans
Mayor
